

# PROVIDER ACCESS STATEMENT

**Wigan & Leigh College is committed to providing high quality careers education, information, advice and guidance (CEIAG) for all of its students to prepare them to progress into sustainable education, training and employment.**

Students will be offered a planned [careers programme](#) of activities that will help them choose pathways that are right for them and that are appropriate to the students learning, planning and development.

We recognise that this can only be achieved through working with a wide range of providers and employers to enrich the careers programme for our students.

Wherever possible we will accommodate requests for providers to have access to students whilst balancing the needs of our students.

Our careers programme provides opportunities for our students to explore their options with a range of education providers and employers.

FAB Futures has a range of provider materials that students can access and receive impartial advice and support to explore further.

The Wigan & Leigh College policy for Access to other education and training providers has the following aims:

To develop the knowledge and awareness of our students of all career pathways available to them.

To reduce drop out from courses and avoid the risk of students becoming NEET (Young people not in education, employment or training).

Providers will need to make contact with the Careers Leader,  
Kathryn O'Neill: [k.oneill@wigan-leigh.ac.uk](mailto:k.oneill@wigan-leigh.ac.uk)  
to discuss involvement with our careers programme.

Our [careers entitlement](#) is available on our website and via FAB Futures
